# SAMPLE SECTION

Our dynamic sample section, where design meets innovation. Our team includes one visionary designer, three skilled sample technicians, and 17 dedicated sample makers. Together, this highly qualified personnel ensures that every garment is a masterpiece, reflecting the pinnacle of craftsmanship and creativity.

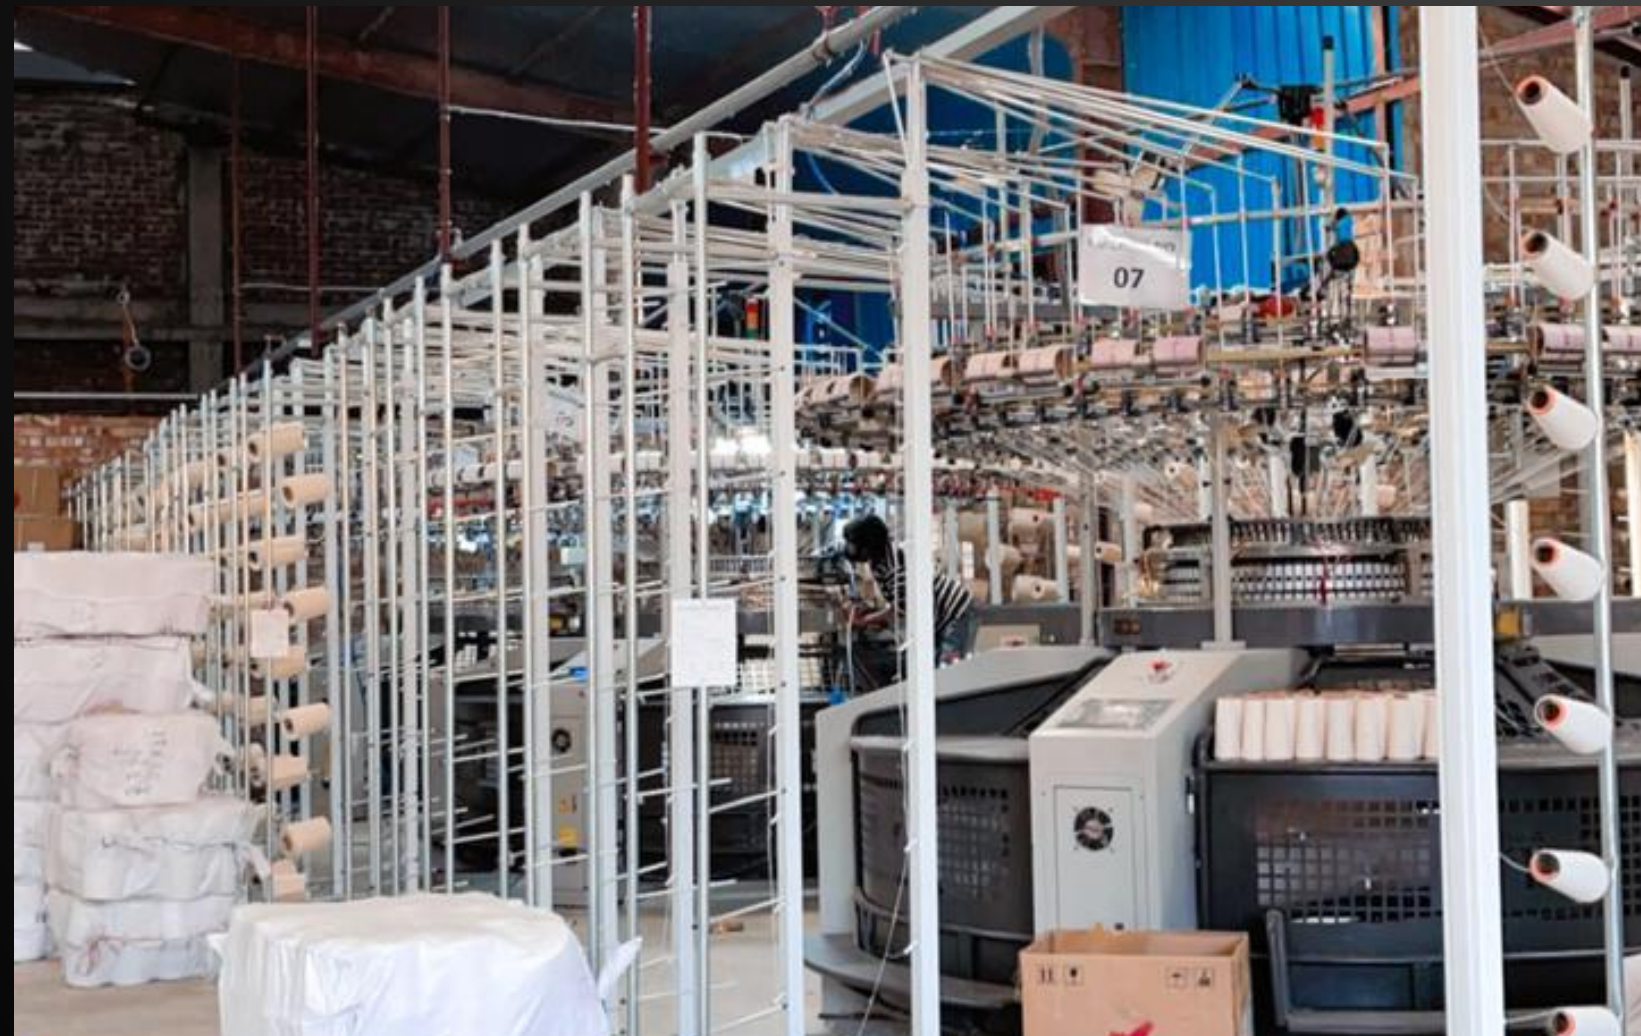

# KNITTING SECTION

Welcome to our state-of-the-art circular knitting factory, where quality and innovation are our hallmarks. Our dedicated team includes seven managerial personnel who ensure the excellence and innovation of various fabric types. They are supported by 36 highly skilled operators who manage our advanced machinery, ensuring top-quality fabrics for our valued clients.

Operating 24/7, our factory is committed to meeting customer demands with precision and reliability. With our highly qualified team, we consistently deliver exceptional fabrics that set industry standards.

# ***DYEING SECTION (OUTSOURCING)***

Our in-house dyeing division is under development. Currently, we source fabric dyeing from renowned companies in Bangladesh, ensuring top quality through our specialized team. We guarantee the best fabrics tailored to your needs. As a bonded company, we also source fabrics globally to meet your specific requirements.

# CUTTING SECTION

Welcome to our cutting section, where precision meets efficiency. Our team comprises 1 experienced cutting manager, 5 expert pattern cutters, and 39 dedicated cutting workers. Together, this skilled personnel ensures that every fabric piece is meticulously cut to perfection, reflecting the highest standards of accuracy and quality.

Our team collaborates closely with other departments to ensure that each piece is flawlessly prepared for the next stages of production. Their commitment to quality and efficiency ensures that every garment begins its journey with the perfect cut.

# SEWING SECTION

Welcome to our sewing section, where precision and expertise come together to bring designs to life. Our team consists of a high-caliber production manager along with 9 experienced sewing technicians and supervisors, and a dedicated group of 250 skilled sewing operators. Together, this talented team meticulously assembles each garment, ensuring impeccable stitching and construction. Their craftsmanship and attention to detail make every piece a true work of art, meeting the highest standards of quality and durability.

# FINISHING SECTION

At Future-Knit Composite Ltd, our finishing section adheres to all buyer SOPs, ensuring top-quality products. We conduct three-stage quality checks – pre-check, getup inspection, and needle detection – before final packing to deliver flawless goods to our clients. Any issues are resolved prior to packing to ensure perfection.

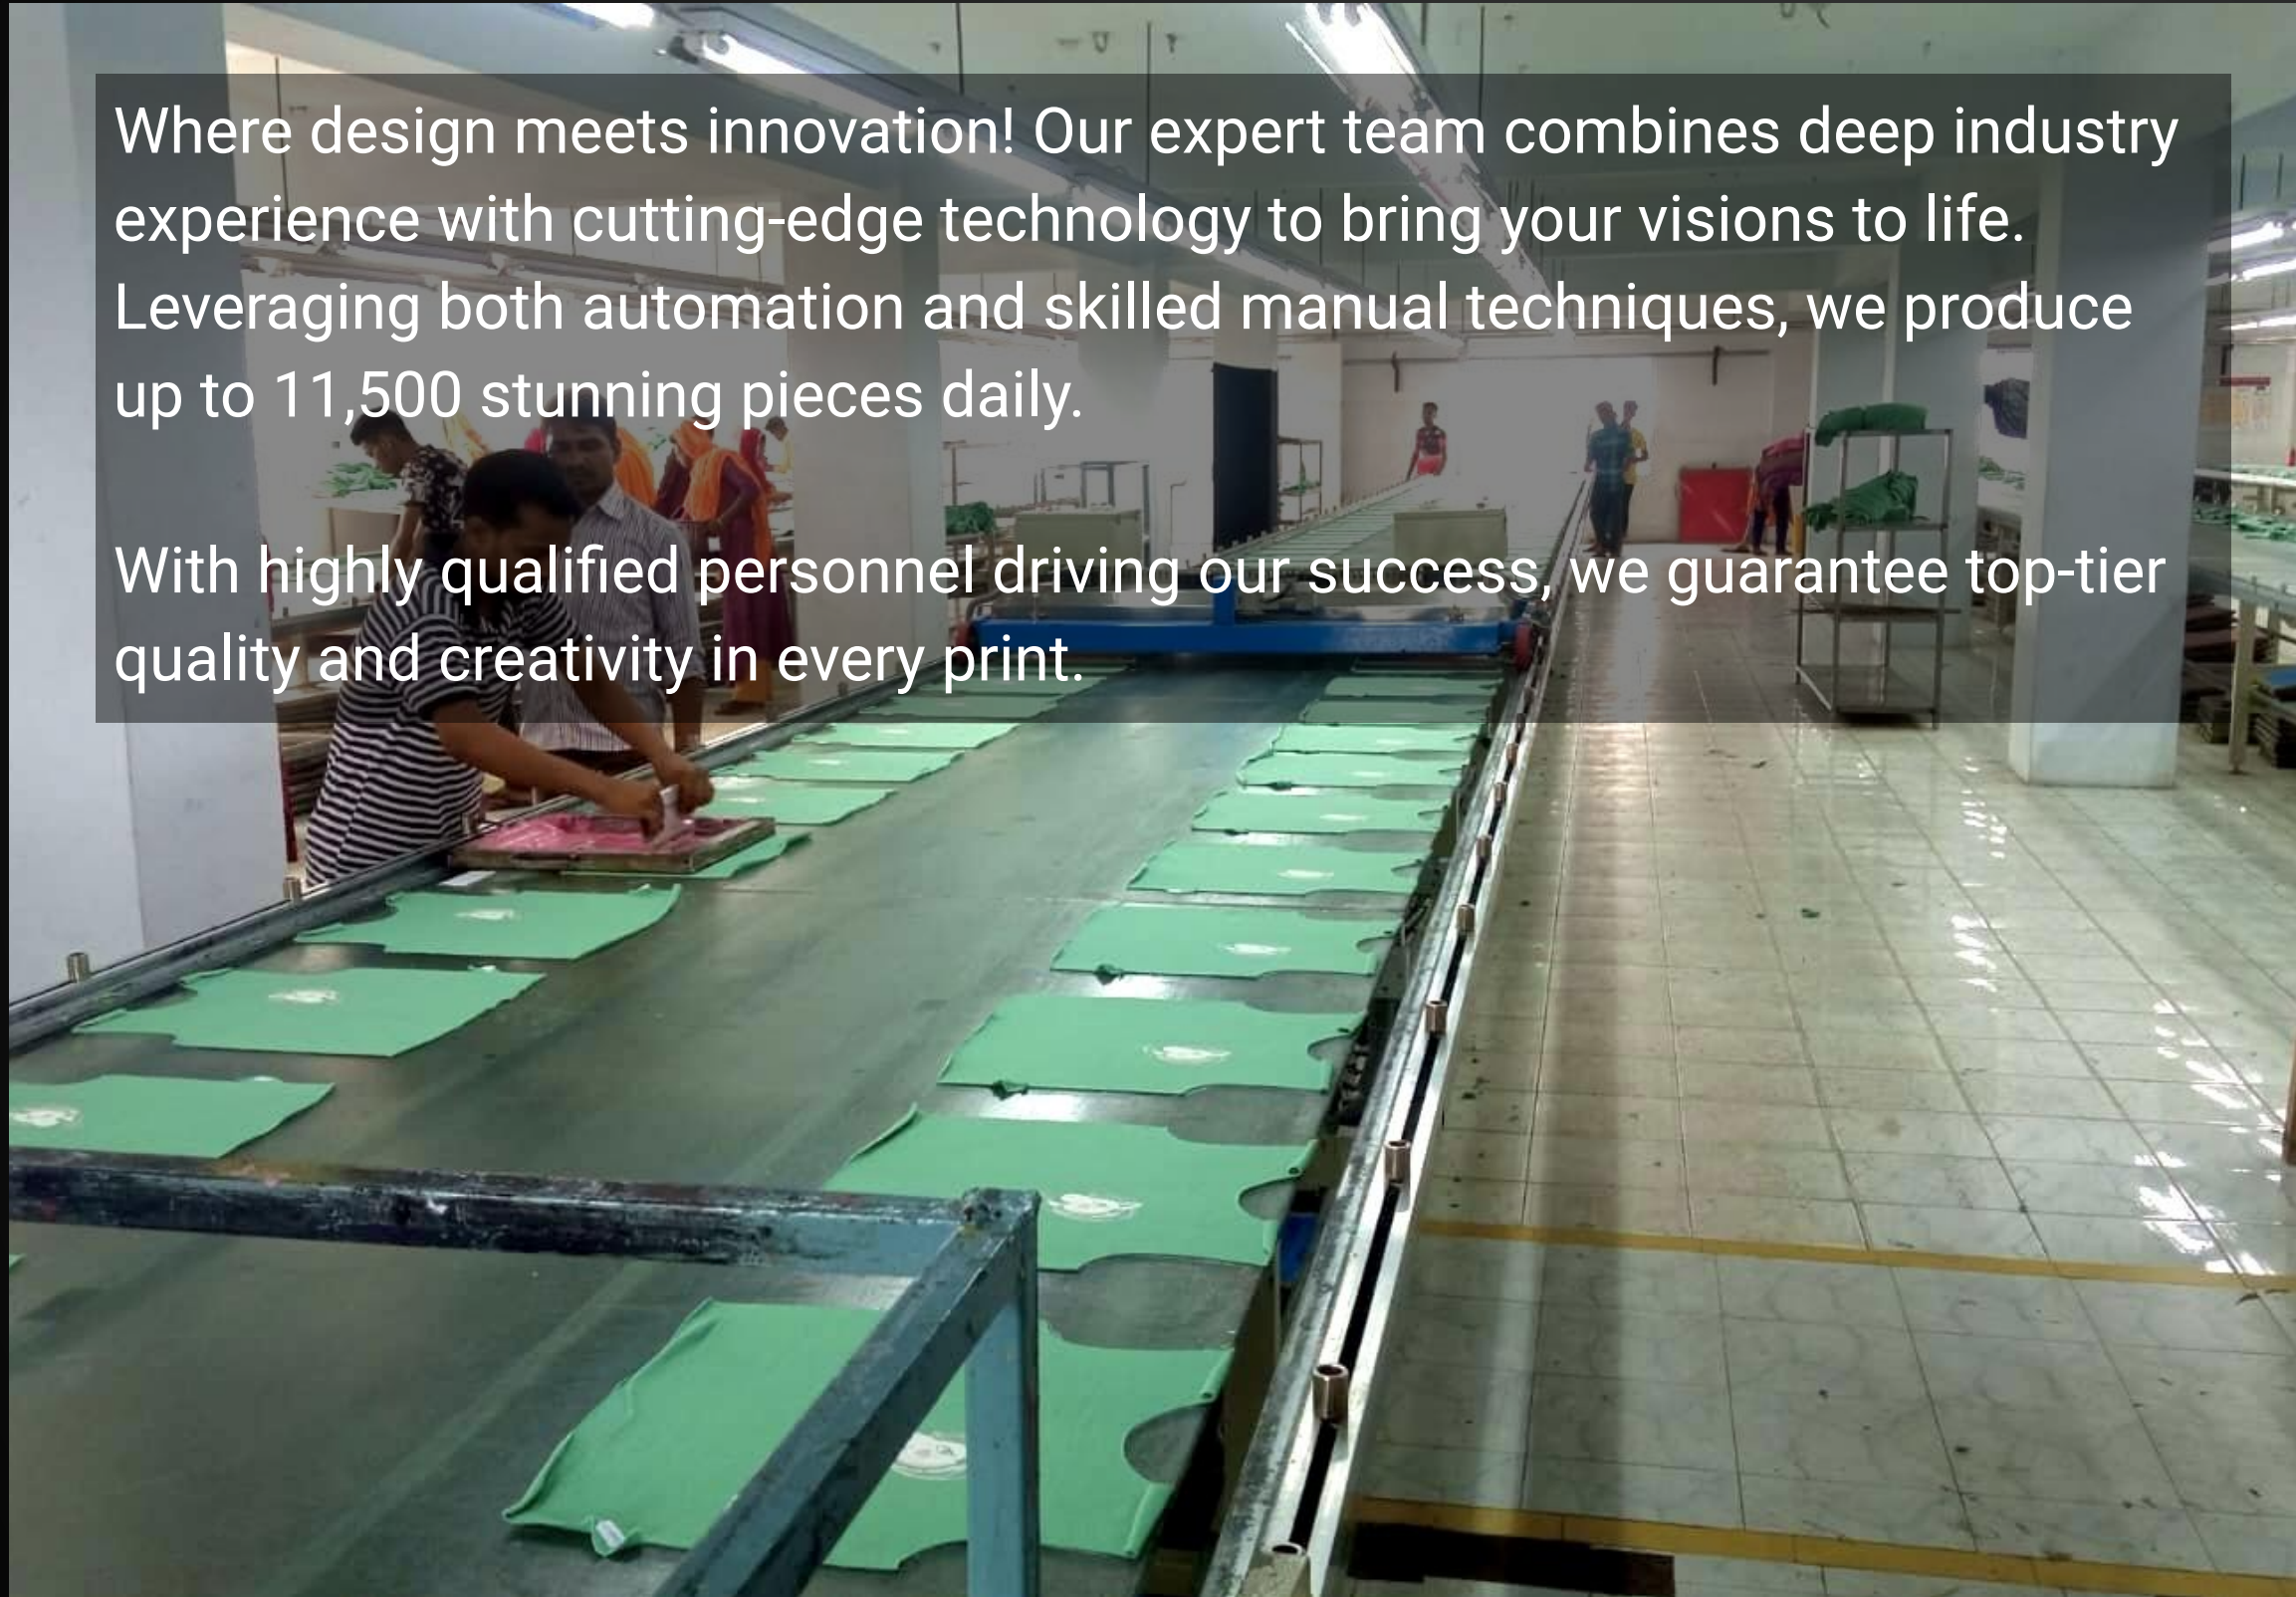

# PRINT SECTION (SISTER CONCERN)

Where design meets innovation! Our expert team combines deep industry experience with cutting-edge technology to bring your visions to life. Leveraging both automation and skilled manual techniques, we produce up to 11,500 stunning pieces daily.

With highly qualified personnel driving our success, we guarantee top-tier quality and creativity in every print.

# LOGISTICS FLEET (SISTER CONCERN)

Ensuring safety and on-time delivery for our valued clients, our logistics fleet company is driven by an experienced team and skilled drivers. We prioritize reliability and efficiency, making sure your goods arrive safely and punctually every time.

# COMPLIANCE

## HEALTH & SAFETY

Future-Knit Composite Ltd adheres to 100% compliance with labor laws, providing an eco-friendly workplace that prioritizes worker health and safety. We offer in-house daycare and a clinic for emergencies.

## TRAINING

Future-Knit Composite Ltd ensures regular safety and fire training, new worker orientation, and ongoing training as per buyers' SOPs. We prioritize product quality and preparedness to meet all requirements and more.

# CSR

Future-Knit Composite Ltd runs regular CSR campaigns to keep our workers motivated with activities like annual picnics, games, and bonus facilities. We're also launching a new facility to offer in-house shopping on credit for their convenience.
